Pedagogy and Innovative Practices

At CPIMR, students are groomed to be goal-oriented and focused in their pursuit of knowledge. Students and faculty act in concert to widen a students' exposure to management theories and practices. The Institute emphasizes increasing human skills by the clear conceptual understanding of subjects with complete exposure to industry practices.

TEAM – Towards Excellence in Academics and Management

To keep students abreast of the latest developments and innovations in the field of management, the Institute organizes academic events – seminars, workshops, symposiums, etc. – under the banner of TEAM. In the last couple of years, we have conducted seminars on “Digital Transformation: Impact on Businesses” and “Entrepreneurship” under TEAM – General Management; a seminar “Human Resource Management Concerns and Challenges in the 21st Century” under TEAM – HR; a workshop on “FinTech and Blockchain” under TEAM – Finance; and a seminar on “Digital Marketing’ under TEAM – Marketing.

Industry & Alumni Connect

- Guest lectures are an important component of the “extra-curricular” education acquired in a
- B-school. Mid- to senior-level executives while talking on a range of issues help to impart industry-specific nuggets of wisdom to the students. In the last couple of years, the students of CPIMR were exposed to guest lectures by professionals from organizations such as Aditya Birla Fashion and Retail Ltd., OPPO Mobiles, Symphony Ltd., Dresser-Rand, and Urban Chowk, to name just a few. Alumni were also involved in the conduct of Viva for the Comprehensive Projects being undergone by the 4th-semester students.

Case study method

The case method, made famous by the Harvard Business School, puts the students in the decision-making position and gives their analysis the edge of real-world sensibilities. At CPIMR, faculty members extensively use the case-study method in the classroom. CPIMR faculty members are also involved in developing case studies in collaboration with industry stakeholders which are also used in the classroom to teach various concepts. The CPIMR Case Center coordinates and facilitates all case writing and teaching initiatives. CPIMR is also an institutional member of the prestigious Case Centre, the world's largest repository of case studies.

Summer Internship Recruitment Drive

As per University guidelines, students are required to undergo a summer internship of 6 to 8 weeks. To facilitate this process, we have in the past couple of years organized SIP recruitment drives, during which organizations such as The Times of India, Business Standard, MotivPrints, IIFL, Edelweiss, CIMS, Tradebulls, and SharkID have recruited summer interns from campus.

The Institute provides an opportunity for students to work in the industry for short-duration finite projects in order to enhance their learning and improve their managerial skills. In the last couple of years, 117 students have undertaken short-term projects offered by such organizations as Big Bazaar, Snapsearch, 1mg, Pantaloons, LG, and PharmEasy.

PLACEMENTS

PLACEMENT READINESS

&

ORIENTATION

The Training & Placement Cell of CPIMR guides students in identifying their future career paths and working to attain the same. The cell organizes seminars and workshops to address career-related concerns and helps coordinate internship opportunities and Placement Sessions continuously. To bring all Training and Placement activities under a single umbrella, the Placement Cell at CPIMR has conceptualized PRO – Placement Readiness and Orientation. All training and placement-focused activities are conducted under PRO, which adds focus and direction to diverse activities.
